

# Blue Technical Trail

**Total trail length:** ~1.5km

**Start:** near launchpad, towards the World Cup Trail start.

**End:** on road near Hero Trail start (where Elevation comes out)

## Upper Section:

Distance: 850m

Elevation drop:

Ave grade: -9.5%

Turns & Switchbacks: approx. 40

Other trail impacts: Crosses World Cup where World Cup first comes across access trail. See notes next page.

## Lower Section:

Distance: 630m

Elevation drop: 69m

Ave grade: -10.9%

Turns & Switchbacks: approx. 40

Location: this trail is located to the left of the decent road heading down to Hero trailhead.

Other trail impacts: it uses the same road crossing as Elevation Trail; and impacts no trail thereafter.

**Note:** compared to Upper section in Lower section there is considerably more open room to place a trail, with less trees and an overall gentler gradient. We plan that the actual grade will be lower than 10%; the trail mapped attached is close to 10%.

**Mid section:** there is a small distance between Upper and Lower trails. This is at the intersection of roads and Elevation trail. It covers an approximate distance of 50m going through the road crossing.

**Commercial value of trail:** ~\$50,000

# BLUE G UPPER

Proposed Trail

Crosses World Cup Once

- At track section
- Slight up / pause in Blue G
- Clear visual up World Cup to oncoming bikes

Name: Blue G Upper
